The 3DS is Nintendo's next-generation portable video game system and the successor to the 2DS. The 3DS is similar to the New Nintendo 3DS in shape and size, but the 3DS has a clamshell design. Its screen can be folded up, allowing it to be more compact. The system's two screens, for example, can both be used at once with the touchscreen. The back of the device is covered with a transparent shell. The 3DS also has a stand with a raised platform, reminiscent of the Nintendo DSi XL, which is included with the system. The 3DS is the first Nintendo system to use NFC, allowing it to use
